

Justice Involved Services

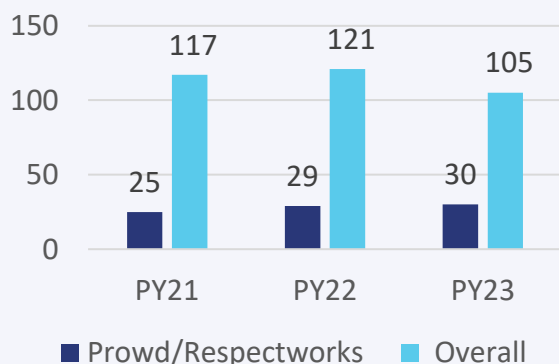

- This Program Evaluation is based on PY21-PY23 for participants that are Justice Involved
- The Program Evaluation consists of two groups: Justice Involved participants enrolled in Prowd and Respectworks compared with Justice Involved participants overall.

The Program Evaluation Objectives Were to:

1. Identify which services were provided to justice involved participants vs Prowd and Respectworks participants.

Different types of Services Provided

Justice Involved Services

Key Findings of the Program Evaluation

Services

- Participants in Prowd and Respectworks receive significantly fewer services than Justice Involved participants enrolled in other programs.
- There are 75-98 services that have been provided for Justice Involved participants that have not been provided for Prowd and Respectworks participants.

Types of Services

- Most services that have not been provided to Prowd and Respectworks participants are related to resume review and assistance. These services have been provided frequently for other Justice Involved participants.

Program Evaluation Details

Details about the data

- We cannot draw any major workforce or economic conclusions from this evaluation alone.
- This evaluation suggests that more services should be provided for Prowd and Respectworks participants.

Most Common Service not Provided for Prowd/Respectworks
