

Pathway Home Program Evaluation

- This Program Evaluation is based on PY21 and PY22 for Pathway Home
- The Program Evaluation identifies characteristics of the Pathway Home population and compares them to justice involved WIOA participants

The Program Evaluation Objectives Were to:

Sr. No.	Objectives
1.	Evaluate performance and identify best practices for the Pathway Home program in Kansas
2.	Make recommendations for continuous improvement for Pathway Home

Key Findings of the Program Evaluation

Performance Details

- Pathway Home serves justice involved participants that have either low income or are long term unemployed at a higher rate than WIOA programs.
- Pathway Home does not have enough participants for other demographics to be evaluated at this time.
- Since Pathway Home is a newer program, some areas of program evaluation are unavailable. There is not sufficient outcome data to evaluate Pathway Home.
